Proprietorship Business Setup Checklist

General checklist for a person starting a small proprietorship business.

Business basics

Item	Details
Business name	Choose the trading/business name and check whether any name-specific licence is required.
Address	Keep business-premises proof and owner/occupancy documents.
PAN	Keep the proprietor's PAN.
Banking	Plan a current/business bank account where appropriate.
Local licence	Check municipal Certificate of Enlistment/trade licence requirements.
Tax registrations	Check GST and other registrations based on turnover and business activity.

Business records

Keep invoices, expense bills, customer records, bank statements and tax documents from the beginning.

Important

A proprietorship does not have a separate legal identity from its owner in the same way as a company; choose registrations based on the actual business structure.

Important: This is a preparation guide, not an official registration certificate. The appropriate registration, licences and tax registrations depend on the business structure and activity.

Prepared for customer guidance by Anjan Digital Services. Requirements, forms, fees and processing rules can change. Verify current official requirements before submission.
