Trade Licence Application – Document Preparation Guide

A practical guide for customers preparing their trade-licence application documents.

Step 1 – Identify the authority

For premises within Kolkata Municipal Corporation, the relevant authority is KMC. Elsewhere, use the applicable municipality, municipal corporation or local authority.

Step 2 – Identify occupancy status

Item	Details
Owner	Keep the applicable property-tax bill/receipt or ownership document.
Tenant	Keep rent receipt/agreement or other accepted occupancy proof.
Leaseholder	Keep the lease deed.
Rent-free premises	Keep the required owner's consent/NOC and applicable supporting property document.
Sub-tenant	Keep the applicable consent and supporting occupancy documents.

Step 3 – Scan and prepare

Make clear, readable scans/copies and self-attest where the authority requires it.

Step 4 – Submit and retain

Keep the application/reference number, fee receipt and issued CE safely.

KMC processing

KMC's FAQ states a general expected time frame of seven days for a new CE, although it may vary depending on the merits of the case.

Important: This is a customer-preparation guide, not an official trade-licence application form. For Kolkata businesses, the Certificate of Enlistment (CE) is administered by the Kolkata Municipal Corporation. Other municipalities/panchayats have their own authorities and requirements.

Prepared for customer guidance by Anjan Digital Services. Trade-licence/Certificate of Enlistment requirements vary by local authority and business activity. Verify the current rules, fees and permissions before submission.
