Fresh Passport Application Checklist

A practical checklist for customers applying for an Indian passport for the first time.

Basic documents

Item	Details
Proof of date of birth	Carry an accepted document supporting date of birth.
Proof of present address	Carry an accepted proof of the applicant's current address.
Photo identity	Carry an accepted identity document with photograph where applicable.
Originals + copies	Passport Seva advises applicants to carry original documents and self-attested photocopies of required documents to PSK/POPSK.
Application details	Keep the completed online application/reference details and appointment information available.

At PSK/POPSK

Bring the required originals and copies. Passport Seva states that the photograph is generally not required at PSK/POPSK, except for specified cases such as minor applicants below 4 years, where a recent passport-size photograph is required.

Before appointment

Check the current Document Advisor for the exact documents applicable to your case, because requirements depend on the applicant's circumstances.

Important: This is a customer-preparation guide, not an official Passport Seva form. Requirements can vary by applicant and service. Always check the latest official Passport Seva guidance before submission.

Prepared for customer guidance by Anjan Digital Services. Always verify the latest requirements, fees and appointment rules on the official Passport Seva portal.
