Aadhaar Address Update Checklist

A focused checklist for customers preparing to update the address on their Aadhaar.

Documents to prepare

Item	Details
Existing Aadhaar	Keep your Aadhaar details or Aadhaar number available.
Proof of new address	Carry an accepted Proof of Address showing the address you want recorded.
Original document	Carry the original supporting document where in-person verification requires it.
Mobile phone	Keep access to the registered/usable mobile number for authentication or OTP where applicable.

Check your address before submission

Confirm house/flat number, street/locality, city, district, state and PIN code. Make sure the supporting document is readable and current/acceptable under the applicable rules.

If the address is in another person's name

Additional rules or accepted mechanisms may apply. Do not assume that any document in another person's name will automatically qualify.

After submission

Keep the acknowledgement/receipt and any reference number provided.

Important: Requirements can vary by service and may change. This guide is for general customer preparation and is not an official UIDAI form.

Prepared for customer guidance by Anjan Digital Services. Please verify the latest requirements on the official UIDAI portal before submitting an application.
