PAN Card Document Checklist

A practical checklist to help customers prepare for a new PAN application.

Before you apply

Confirm that you do not already have a PAN. PAN is a unique identifier; a person should not hold more than one PAN.

Common documents to prepare

Item	Details
Identity proof	Use an accepted proof of identity applicable to the applicant and current PAN procedure.
Address proof	Keep an accepted proof of address where the application route requires it.
Date of birth proof	Keep an accepted document supporting the applicant's date of birth, where required.
Photograph / signature	For application routes that require physical or scanned documents, follow the current specifications of the selected provider.
Mobile / email	Keep an accessible contact number and email address for communications or verification, where required.

Check before submission

Make sure the name, date of birth and other details are entered consistently with the supporting documents. Review the application carefully before final submission.

Important: This is a customer-preparation guide, not an official PAN application form. Do not send OTPs, passwords or confidential authentication information to anyone.
