PAN–Aadhaar Linking Guide

General customer guidance for checking and managing PAN–Aadhaar linking.

Why check the status

PAN–Aadhaar linking can affect the usability/status of PAN under applicable tax rules. Check the current status through the official Income Tax e-Filing portal.

Before checking

Keep your PAN and Aadhaar details available. Make sure the personal details in both records are consistent.

If details do not match

If the name, date of birth or gender in Aadhaar is incorrect, the Income Tax Department advises correcting the Aadhaar details before using the Instant e-PAN process. ■cite■turn0search1■

If Aadhaar is linked to the wrong PAN

The Income Tax Department's Instant e-PAN guidance says an incorrect PAN–Aadhaar association may require a request to the Jurisdictional Assessing Officer for delinking before an Instant e-PAN request.

Safety

Never share OTPs or login credentials with a service provider. Customers should complete authentication themselves when an OTP or password is required.

Important: This is a customer-preparation guide, not an official PAN application form. Do not send OTPs, passwords or confidential authentication information to anyone.

Prepared for customer guidance by Anjan Digital Services. Requirements, fees and procedures may change; verify the latest information on the official Income Tax Department/PAN service portal before submission.
