PAN Correction / Update Checklist

Checklist for customers who need to correct or update PAN details.

Common corrections

Item	Details
Name	Correction/update of name where the PAN record does not match the correct supporting documentation.
Date of birth	Correction of date of birth using the applicable supporting document.
Father's / parent's name	Correction where applicable under the current PAN application process.
Address / contact	Update relevant contact details according to the current service route.
Photograph / signature	Changes may be requested through the applicable PAN correction process.

What to keep ready

Keep your existing PAN details/card, the document supporting the correction, and the required application/reference details.

Important

Do not apply for a fresh PAN merely because an existing PAN contains an error. Use the correction/update route when you already have a PAN.

Important: This is a customer-preparation guide, not an official PAN application form. Do not send OTPs, passwords or confidential authentication information to anyone.
