Trade Licence / Certificate of Enlistment – New Application

Customer checklist for applying for a new trade licence/Certificate of Enlistment, with Kolkata Municipal Corporation as the main reference.

Core documents

Item	Details
Identity proof	A government-issued photo identity document such as Aadhaar, EPIC, Driving Licence or Passport.
Business-premises proof	Depending on occupancy: property-tax bill/receipt, rent receipt/agreement, lease deed, leave-and-licence agreement, sublease or applicable consent/NOC.
Business details	Business name, nature of trade/profession/calling, commencement date and business address.
Applicant details	Proprietor/partner/director/manager details as applicable.

KMC requirements

KMC states that only two documents are required for a new CE in the general case: identity proof and proof of ownership/occupancy of the business address, with both copies self-attested.

Before applying

Check whether your specific trade requires additional statutory licences/permissions. KMC notes that obtaining a CE does not remove the obligation to obtain other licences such as Fire, Pollution Control, Clinical/Health, Excise, RBI, SEBI, Customs or Police permissions where applicable.

Important: This is a customer-preparation guide, not an official trade-licence application form. For Kolkata businesses, the Certificate of Enlistment (CE) is administered by the Kolkata Municipal Corporation. Other municipalities/panchayats have their own authorities and requirements.

Prepared for customer guidance by Anjan Digital Services. Trade-licence/Certificate of Enlistment requirements vary by local authority and business activity. Verify the current rules, fees and permissions before submission.
